The game's website also has a hit counter that updates every five minutes. The game also tracks player activity by awarding quest coins based on how many games have been played and how quickly they are completed in the app. The rarer a card is used in a match the more coins earned.",

Five years later... by Phil2912 on 2017/11/28 22:56 I was looking up this game to see if it still existed and that's when I found my love for the game again. It has been five years since the last time I played this, and I definitely missed the challenge that made me play again and again. Graphics are still good, gameplay still needs minor updates (minor looks like), but overall it's still a great game!! Before you write a bad review, check out your options for the game first. There are a lot of great games out there that you can play.",

On February 19, 2018 it was announced that United Pixelworkers (UPI) would be developing a new version of Coin Master for iOS devices called Coin Master "Dig Deep". The game is free to download from Apple's App Store and has been released in Beta format as of February 2018. UPI will also be releasing a new version for Android which will be based on the original Coin Master game but this time with 3D artwork similar to that of the mobile version.",

Great Game by Brianna131312 on 2018/07/25 01:10 I personally love this game because you get rewarded better as you play the game. It's fun and very addicting and also they update it every once in awhile so it's always fresh. One thing I wish they did was allow more opportunities to get coins for free instead of going to a shop and buying coins with money. It would be a lot more fun if they added mini games that gave you a chance to win free coins or even a small lottery that you could enter. I think it would add more fun to the game. Other than that this is a great game and I highly recommend getting it if you haven't played it already.",

In October 2016, United Pixelworkers announced that they had partnered with game publisher Humble Bundle to make the company's September Humble Monthly subscription service available on "Coin Master" mobile devices.",
